

## WHAT'S NEW IN

# PPE

With our focus on innovation and voice of customer, Honeywell Safety Products is able to consistently introduce new and exciting PPE safety solutions.

## SAFETY EYEWEAR

Uvex combines style, safety, and technology with Uvex AcoustiMaxx™ and Uvex Bayonet™ eyewear. See page 6.

North Adaptec™ eyewear is designed to fit everyone – no matter their gender, ethnicity, or facial features. See page 12.

## WELDING PROTECTION

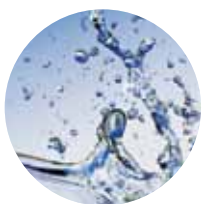

At 110 mm x 110 mm, the Wide View Tigerhood Futura® XXL with ADC Plus ADF allows for superior viewing, resulting in higher quality welds. See page 25.

# NEW! | Personal Protective Equipment

## EMERGENCY EYEWASH

### Honeywell

The temperature of emergency eyewash is unaffected in extreme environments when the Fendall 2000<sup>®</sup> Heated Accessory is employed. See page 26.

## RESPIRATORY PROTECTION

by Honeywell

The North Compact Air 200 Series Powered Air Purifying Respirator (PAPR) lets you know when the battery is low or your filters are clogged. See page 56.

## HEARING PROTECTION

by Honeywell

Two of our latest innovations: Sync<sup>™</sup> stereo earmuffs and MAX<sup>®</sup> Small single-use earplugs. See page 30.

## PROTECTIVE CLOTHING

### Honeywell

With WorkEasy<sup>®</sup> palm coated gloves and North Gen disposable coveralls, protective clothing has never been so comfortable. See pages 70 and 80.
